

Awakening: The Citizen-Spirit in Egypt

Historic Moments

Beginning 25 January into February 2011

The Citizens' Century is coming to life among Egyptian women, men, and youth. The people are increasingly defining the "no" and the "yes" of their preferred future.

Giving voices and faces to Egyptian courage and stories of evolution is a way others on Earth have been supportive.

The people, events, and music below remind all of us in the Middle East, North Africa, and around Earth to keep seeking our high human destiny to dignify ourselves and others.
