#### ***THEME: "Improving Harmonious Relationship"***

The dialogue was coordinated by Usman Inuwa alongside two other persons (Shehu Baba Ahmed and Nasiru) that attended the International Conference on youth and inter-faith communication/Climate Change walk 2009 in the City of Jos, Plateau State. It was conducted at the swimming pool site of the open Air Theatre Building, Bauchi. Though, the dialogue was suppose to be attended by twenty youth leaders from both the Christians and Muslims faith, some of the invited youth leaders were unable to attend due to some various issues . They however, sent their apologies and promised to attend the next dialogue.

The dialogue marked the semi official take off of the "Muslims-Christians Dialogue Living Room" in Bauchi State. The theme of today's dialogue was "Improving Harmonious Relationship" During the dialogue two laptops were used, where part of the films were played to the participants and explanation of some scenes in the films were given by Usman Inuwa. Copies of the films obtained from New Era Educational Development and Charity Support Initiatives (NEEDSCIS) were also distributed to those present at the meeting.

Many views were shared as regard the importance of organizing such dialogue. In fact all the attendees were of the opinion that, what was missing among the two religions was absence of

communication and togetherness that led to creating of vacuum that currently exist between the two religions Bauchi State.

The dialogue as mentioned earlier was intentionally organized for youth leaders, but it was however, concluded at the meeting to invite elders of the two religions to participate in the next dialogue after the one fixed for 7<sup>th</sup> March, 2010.

A day after the dialogue, (Today, 23<sup>rd</sup> February, 2010) other people called me on phone and some met me in the office while compiling this brief report to register their interest to join the next dialogue.

### ***RECOMMENDATION BY WAY OF CONCLUSION:***

It was observed that, what was actually missing in Bauchi State was proper guidance and moral motivation among the youth of the two faiths (Christianity and Islamic), as during the brief dialogue the participants all expressed their minds regarding the continuous fighting and hatred between the followers of the two religions. Everyone at the dialogue saw the need to invite more youth and all promised to come to the next dialogue with friends and family members.

More copies of the CDs should be made available so as to go far and wide as it would help in disseminating the aims and objectives of dialogue living room in Bauchi State. Posters and fliers I think could also be good too.

It also occurred to me, that by extending our hands of friendship to our brethren of other faith could help us to bring the required change we need in our present day society, which would consequently, make us unfold the future opportunities.

The dialogue we had was to me the beginning of a new era for the people of my generation and the next in unfolding possibilities and making what is possible real in Bauchi State. I believe “Our current problems cannot be solved with the same level of thinking which created them”.

I also went with the views of other participants to involve other influential people particularly, the traditional title holders in Bauchi State.

The next dialogue was scheduled to hold on Sunday, 7<sup>th</sup> March, 2010.

Attached are pictures snapped with phone by Shehu Baba Ahmed.
