

## THE BOY WHO PETS BEES

HE FLOPS ON HIS TUMMY  
ON THE DAYS THAT ARE SUNNY  
AND THE BEES GO ON HUMMING.

HE PRESSES HIS FACE VERY NEAR  
HE DOESN'T SHOW ANY FEAR  
AND THE BEES GO ON SINGING.

THEN HE EXTENDS HIS SWEET HAND  
TO PET HIS NEW FRIENDS  
AND THE BEES GO ON BUZZING.

HE FEELS THEIR VIBRATION  
A THRILLING NEW SENSATION  
AND THE BEES GO ON POLLENATING.

IT'S AMAZING TO SEE  
THIS CURIOUS BOY AND HIS BEES  
HOW TOGETHER THEY ARE COMMUNING.

THIS BOY LOVES THOSE BEES  
BUT IT'S MUTUAL YOU SEE  
AND THEY BOTH GO ON PLAYING.

WHEN YOU LISTEN AND HEAR  
EVEN THE BUZZING IS DEAR  
AND WE ALL GO ON CARING.

*About Niko, on your second birthday  
From Grandma Libby Linn Traubman*
